The center slider provides information about current or upcoming events, and other items of general interest. Six different slides go by, or you can choose one using the numbers below it, and you can stop it by clicking Stop. Some of the slides have more information! hotspots that you can click.

The three bottom panels contain additional information important for Lambda Linkers. If you click on any of them, you will get more details.

Register/Already Registered

You also have the option on this screen (or at the View Pairings screen) to register if you have not already. If you have registered for an event, the Register option is replaced with the notification “Already Registered.”

When you click Register, you get the next screen. You can select the tee time and player position on this screen. You are the master of your destiny. Pick a group. Play with people you know; play with people you don't know. We are a social group; part of the fun is the adventure of mixing it up.

Once you click “Select,” you get a screen confirming your choice. You can pick a different position if you want, but once you are satisfied, click “Submit” to confirm your choice.

You will then see a confirmation screen, and the site informs you that an email has been sent to you. If you do not get the email, look in your spam. You can also go back to Events or My Events to see if you are registered.

Important: For most events, you can register only until midnight Wednesday before the event. After that, send an email to info@lambdalinks.com to see if you can be accommodated. .

Important: Most events close at midnight Wednesday so we can inform the course of the final count well in advance. After an event closes, you cannot change pairings or cancel. At that point, you must send an email to info@lambdalinks.com to request changes.

Membership Form

Click for the membership form, which is a PDF. You can fill it out online, print, and mail it. Or you can print it and fill it out with a pen. Note that Firefox does not display PDFs correctly, so it's best to use a different browser for this part. Also, in practice, if you have updated your account information, you don't need to use this form at all. Just pay the organizer your dues at the next event. We just want to make sure you have plenty of options to join and establish an account.

Anyone who has opted into the directory is displayed here. It's handy for contacting others to, for instance, play golf!
